

ERBE FLACHSTAHL
STAHLSERVICE

Processing by
Highest Standards.

Full Range.

When processing hot strip, cold strip, stainless steel, sheet metal, non-ferrous metal or galvanized steel we know only one standard, the Supreme one! Specifically, Yours! It makes no difference whether you want your material vertically divided, trimmed or cold rolled. We are happy to process your strip edge to your individual requirements. For over 35 years we have been offering the full range of steel processing to our customers – and go with you for your success literally through thick and thin.

You want your material cut made to measure? Namely flexible, timely and above all with extremely high quality? Then you have found with us the reliable partner you are looking for. Erbe Flachstahl offers extremely precise individual solutions.

Made to Measure.

VERTICAL CUTS AND TRIMMING		COLD ROLLING		STRIP EDGE TRIMMING			
SLITTING LINE 1		SLITTING LINE 2					
Strip Thickness	2 – 12 mm	Strip Thickness	1 – 5 mm (< 1 mm Upon request)	Strip Thickness	1 – 8 mm	Strip Thickness	1 – 8 mm
Insert-Coils	max. 32 t	Insert-Coils	max. 13,5 t	Width	max. 310 mm	Width Threading	max. 280 mm
Strip width	max. 1.670 mm	Strip width	max. 1.030 mm			Width Realigning	max. 310 mm

Totally Accurate.

Highest Accuracy naturally also distinguishes our work in the field of rollers. We cover the entire spectrum, hold tight tolerances and individual requirements - well, we have no qualms about materials that have a greater thickness.

In addition to rolling, vertically cutting and trimming, we yet can assist you with another special feature: our edge processing. Because we realign and threat edges of up to 8 mm thickness – and, thus, are nationwide one of the few providers who can offer you the finishing touch in this spectrum.

A Clean Affair: Neutrality and Reliability. For a neutral commission company and pure service provider, these fundamentals are inseparable linked. We impartially provide our services to you.

Clean Affair.

A man with short brown hair and a slight smile, wearing a blue denim shirt and a bright yellow high-visibility safety vest, is looking through a circular opening in a large, textured metal structure. The background is slightly blurred, showing industrial equipment.

At Eye Level.

No matter in which challenge we can support you, our cooperation is always at one level: at Eye Level. There we meet you at each of your individual questions. Get best personally in touch with us today or find out more on our website.
